STEPHANIE SIEMS

Director of Special Education

March 13, 2017

Dear Parents and Community Members:

We are pleased to present you with the Annual Education Report (AER) which provides key information on the 2015-16 educational progress for Lamphere Center. This information is just now being posted due to the fact that the State of Michigan did not release new assessment and accountability data until now. The AER addresses the complex reporting information required by federal and state laws. The school's report contains information about student assessment, accountability, and teacher quality. If you have any questions about the AER, please contact Stephanie Siems, Director of Lamphere Center, for assistance.

The AER is available for you to review electronically by visiting the following web site <https://goo.gl/qkqRtB> , or you may review a copy in the main office at Lamphere Center.

For the 2016-17 year, no new Priority or Focus schools were named; some Priority or Focus schools did exit their status because they met the exit criteria. New Reward schools were identified using school rankings and Beating the Odds information. A Focus school is one that has a large achievement gap between the highest and lowest achieving 30% of schools. A Priority school is one whose achievement and growth is in the lowest 5% of all schools in the state. A Reward school is one that has achieved one or more of the following distinctions: top 5% of schools on the Top-to-Bottom School Rankings, top 5% of schools making the greatest gains in achievement (improvement metric), or "Beating the Odds" by outperforming the school's predicted ranking and/or similar schools. Some schools are not identified with any of these labels. In these cases no label is given.

Lamphere Center has not been given one of these labels.

The Lamphere Center staff and administration are looking forward to disaggregating the state assessment data of our students. Due to the fact that Lamphere Center did not have ten or more students in any tested grade level, the data will not be presented in subgroups. This may impact the validity of scores intended to represent the school as whole as opposed to individual student achievement levels.

State law requires that we also report additional information:

1. Placement decisions are made by an Individualized Educational Program (IEP) team including members from the resident district, the Lamphere School district, and the parents/guardians, or the student if appropriate.
2. Lamphere Center has a current School Improvement Plan which will be updated for the 2017-2018 school year by no later than September 1, 2017. The goals in this plan are in the areas of Social Emotional Development, language arts and math. During the 2015-2016 school year, Lamphere Center worked on goals in these same areas.
3. Lamphere Center is a special education center program consisting of four secondary level classrooms and seven post-secondary/adult transition classrooms. It services students from the ages of 11 years of age through 26 years of age. All students attending Lamphere Center have a cognitive impairment or function as if they have cognitive impairment.
4. The Lamphere Center curriculum is based on the Common Core Essential Elements (CCEE). These can be found at <http://search.michigan.gov/search?affiliate=mi-mde&query=common%20core%20essential%20elements>
5. Due to the small number of students in the secondary programs, the state does not provide aggregate data on the state test results. Lamphere Center was not selected to take part in any federal tests during the 2015-2016 and 2016-2017 school years.
6. At the fall 2015 conferences, 15 parents/guardians attended, which equates to about 27% of the student population. During the spring 2016 conferences, 13 parents/guardians attended, which represents approximately 24% of the student population. At the fall 2016 conferences, 16 parents/guardians attended, which equates to about 29% of the student population. During the spring 2017 conferences, 10 parents/guardians attended, which represents approximately 218% of the student population. However, due to the unique needs of many of the Lamphere Center students, there is frequent communication with many of the parents/guardians throughout the school week.
7. Due to the nature of the Lamphere Center as a special education center program for cognitively impaired students, there are no dual enrollment students, no college equivalent courses offered, and no students receiving college credit.

With continued commitment from our staff and the families and guardians whose students we serve, we will work to continue this success in the years to come.

Sincerely,
Stephanie Siems M. Ed.
Director of Lamphere Center
